You make a wish to the main bot
Main bot decides:
who takes it? ask you first?
re-decide
Ask you first
ambiguous, cross-project,
or irreversible
Hand to the project manager
a matching folder exists
Spin up a temporary team
belongs to no project
You reply
click OK, or rephrase
Work happens in the background (you don't see the process)
continues
after you pick
Done: main bot replies in one line
+ a result chip (opens a page)
Stuck: needs your choice
option buttons + manager's advice
Visible to you
Runs in the background
Needs your decision
